SIFT HEALTHCARE WINS 2019 WISCONSIN INNOVATION AWARD
Milwaukee-based data science company honored with award for Health IT Software.

MILWAUKEE, WI, October 18, 2019 -- Sift Healthcare has been awarded the 2019 Wisconsin Innovation Award for Health IT Software. Sift was one of nine winners honored from the thirty-one finalists and over 400 nominees.

The Wisconsin Innovation Awards recognize the state's most innovative products and services from nine industry categories. The 2019 winners were selected from a panel of 28 experts with backgrounds in many business sectors – technology, food, healthcare, agriculture, nonprofits, education and government – from throughout the state of Wisconsin.

"We are honored to be recognized by the Wisconsin Innovation Awards," commented Justin Nicols, Sift Healthcare CEO, "It's validating to receive such a prestigious award in our home state and among such a diverse and forward-thinking collection of companies. There is so much innovation within Wisconsin, we're incredibly proud to be a part of the conversation."

Sift Healthcare brings data science to healthcare payments – integrating AI into the healthcare revenue cycle to help providers accelerate cash flow and optimize payment outcomes. Learn more at www.sifthealthcare.com.

About Sift Healthcare
Sift Healthcare is a Milwaukee-based healthcare data science company. Sift provides a complete payments analytics and data science platform that enables healthcare providers to track insurance payer behavior, improve denial overturns, increase patient payments and better understand payment trends.
